Education

Indian Institute of Technology (ISM) Dhanbad
Bachelor of Technology (Mechanical Engineering) (GPA: 7.62 / 10)

Aug 2020 – May 2024
Dhanbad, Jharkhand

Experience

Standard Force Corporation, Japan | NextJS, ReactJS, NodeJS, AlmaLinux, Redis, MySQL
Software Developer and System Engineer

Oct 2024 – Present

- Deployment and maintenance of enterprise construction management systems and dashboards across client companies.
- Built a **Dashboard** in NextJS with caching, virtual scrolling, Recharts/Tremor charts, drag-and-drop customization, and Excel export.
- Developed a **Construction Management System** with real-time budget alerts, financial tracking, compliance detection, and risk management.
- Designed a **data transfer system** consolidating multiple remote MySQL DBs with Next.js 14, SSH2 tunneling, cron jobs, and optimized batch transfers.
- Built **QR Code Scanner & Management System** with real-time scanning, MySQL queries, REST APIs, and logistics tracking.

Life Team United, Japan | ReactJS, NodeJS, MySQL
Full Stack Developer Intern

Feb 2024 – Sept 2024

- Built a Dashboard for construction and supply chain management systems.
- Deployed and integrated it on the company's test server using iframe.

Urban Reach & Fynii, India | ReactJS
Frontend Developer Intern

Jun 2022 – Jan 2023

- Built the frontend for a Sales Management System in ReactJS for farmer-shopkeeper supply chain.
- Developed tutor selection modules for Fynii's EduTech platform.

Projects

Centralized MySQL Query Runner | Javascript, ExpressJS, MySQL, OOP

2025

- Developed a centralized system to execute SQL queries simultaneously across multiple databases with identical schemas, reducing manual effort by 80%.
- Designed and implemented the entire application using object-oriented programming principles with class-based architecture.
- Implemented multi-threading, comprehensive error handling, logging, and transaction management for enterprise-grade reliability.

Multi-Server Data Transfer Tool | Javascript, MySQL, Node.js, SSH2

2025

- Built an automated ETL pipeline to migrate and synchronize data from multiple distributed servers to a centralized data warehouse.
- Implemented class-based architecture with OOP design patterns for connection pooling, data validation, and batch processing.
- Integrated SSH tunneling for secure remote connections, scheduled automation with cron jobs, and transaction rollback capabilities.

Automated Online Classroom Platform | ReactJS, NodeJS, Python, ML | Github

2022

- Worked on Atlassian's problem statement during Hackfest 2022; built multi-video calling with chat, automated attendance, transcription, and attention detection.
- Built the video calling portal with multi-user video streaming and real-time chat functionality using WebRTC and Socket.io.

Technical Skills

- **Languages:** JavaScript, C, C++, SQL
- **Frontend:** ReactJS, NextJS, HTML, CSS, Bootstrap
- **Backend:** NodeJS, ExpressJS, REST API, WebSockets
- **Databases & Cache:** MySQL, MongoDB, Redis
- **Cloud & DevOps:** AlmaLinux, CentOS, Server Management, Git, Cloud (Sakura Internet), System Design
- **Concepts:** Data Structures and Algorithms, Object Oriented Programming, DBMS, Computer Networks, Operating Systems
- **Coding Profiles:** LeetCode | CodeForces | HackerRank | CodeChef | AtCoder

Achievements

- **1st Runner up** in web-it-up competition (Team Name – Binary Bombers).
- **1st Runner up** in Ideate competition for off-earth mining solution (Team Name – MechBoiz).
- Secured **5th position** in HACKFEST 2022, annual hackathon of IIT(ISM) Dhanbad.
- **Global rank 511** in CodeChef Starters 27; **1571st** in AtCoder Regular Contest 141; **Global rank 605** in Newton Coding Challenge.

Social Engagements

- **Event Head** of the largest cultural fest of Eastern India & annual socio-cultural fest of IIT(ISM) Dhanbad.
- **Founder** of YouTube channel "Integrative Learning" with a team of 20; headed management and teaching operations.
- **Coordinator** of Chayanika Sangh – Hindi literary club of IIT(ISM) Dhanbad.
- **Member** of Student Coordination Placement Team of IIT(ISM) Dhanbad (2022–23).
